1 General

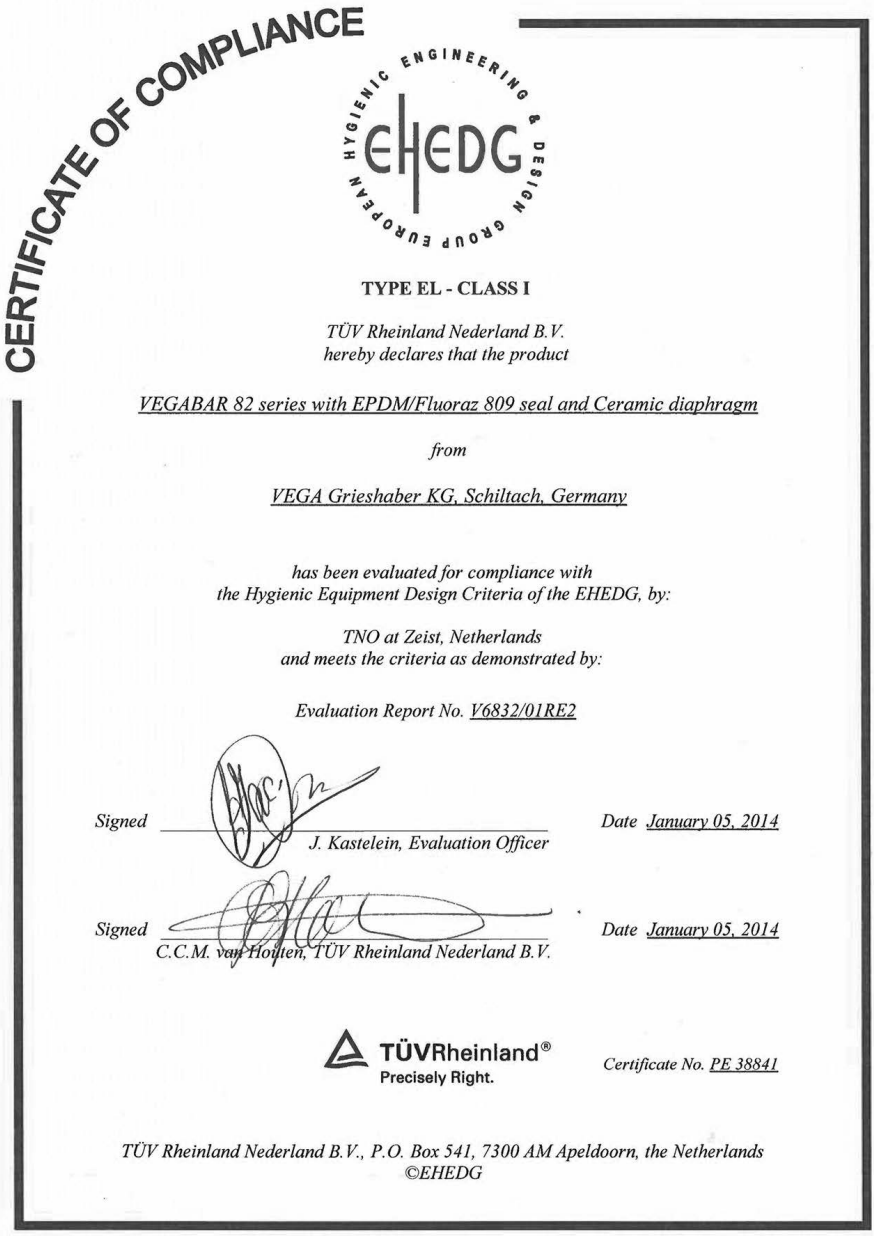
EHEDG provides pratical guidance on the hygienic engineering aspects of manufacturing safe and wholesome food. Founded in 1989, it is a consortium of equipment manufacturers, food companies, research and educational institutes as well as public health authorities whose common aim is to promote hygiene during the processing and packaging of food products.

EHEDG actively supports European legislation, which requires that handling, preparation, processing and packaging of food is done hygienically using hygienic machinery and in hygienic premises (EC directive 98/37/EC, EN 1672-2 and EN ISO 14159).

The principal goal of EHEDG is the promotion of safe food by improving hygienic engineering and design in all aspects of food manufacture. EHEDG may authorize the use of the certification logo on equipment or products complying with the relevant EHEDG criteria (Doc. 8). If necessary, cleanability testing according to EHEDG methods (Doc. 2) may be required [Ref. 1].

The following versions are covered by Certificate No. PE 38841.

2 Certificate



CERTIFICATE OF COMPLIANCE

EHEDG HYGIENIC ENGINEERING & DESIGN GROUP EUROPEAN

TYPE EL - CLASS I

TÜV Rheinland Nederland B.V.
hereby declares that the product

VEGABAR 82 series with EPDM/Fluoraz 809 seal and Ceramic diaphragm

from

VEGA Grieshaber KG, Schiltach, Germany

has been evaluated for compliance with
the Hygienic Equipment Design Criteria of the EHEDG, by:

TNO at Zeist, Netherlands
and meets the criteria as demonstrated by:

Evaluation Report No. V6832/01RE2

Signed _____ *Date January 05, 2014*
J. Kastelein, Evaluation Officer

Signed _____ *Date January 05, 2014*
C.C.M. van Houten, TÜV Rheinland Nederland B.V.

TÜVRheinland®
Precisely Right.

Certificate No. PE 38841

TÜV Rheinland Nederland B.V., P.O. Box 541, 7300 AM Apeldoorn, the Netherlands
©EHEDG

We herewith declare that the instrument and process fitting combinations of the following versions of VEGABAR 82 are covered by Certificate No. PE 38841.

- B82.

Process seal: Use a suitable EHEDG compliant seal.

For DIN 11851 - connection please use a EHEDG - compliant upgrade gasket reps. upgrade kit.

Furthermore the operator has to guarantee the compliance with further food and process-specific requirements.

The manufacturer(s) declaration in connection with the EHEDG marking on the sensor.
